

# YABA DABA DOO

BY EVENTTEAM

Fun Team Building with "A role for everyone".

Whether a designer, builder, driver, decorator, negotiator or haggler for sponsorship, there is something for everyone. The fun event focuses on trust, teamwork and communication and is carried out in an environment of fun, laughter and excitement as the karts take to the track.

Flintstones Grand Prix is a great fun team building event, fast paced and with an exciting finale. From the start each team is encouraged to communicate, work together and tap into their artistic flair by having to dress a non-engine go-kart to look like something else. The event ends with the teams racing against each other in their various classes. The winners from each class race each other in the grand finale.

"A game which combines competition, orientation, team work, speed and fun and all these through a 3 hours ramble in Marmaris's historic sites!"

## THE PARTS:

- A codified Message
- An equipment kit
- 3 riddles to be solved
- A prize
